CEMENT RETAINER - 5K

The **Cement Retainer** is a dependable tubing or wire-line set drillable retainer. One piece heat-treated slips provide secure setting.

Features:

- Simple surface control valve
- Allows pressure testing before squeeze
- Valve automatically closes when the stinger is removed, locking in the squeeze pressure
- Valve protects sensitive zones in low fluid wells
- Simple conversion to bridge plug
- Mechanical or wire-line set
- Easily drilled
